## About the Artist

Dominique Prévost is a full-time artist showing extensively in the GTA and abroad since the early 80's, a recipient of multiple awards; among others three times for Best Watercolour Award at the Toronto Outdoor Art Fair. Dominique's artworks are atmospheric abstracted assemblages inspired by nature. They are explorations of materiality that dance between the ephemeral and the permanent. Showcasing changing light, organic patterns, and stylized structures, each artwork is composed of multiple painted and manipulated papers.

## Course Description

Suminagashi is the ancient Japanese technique of decorating paper with inks. It is believed to be the oldest form of marbling, originating in China 2,000 years ago and practiced in Japan by Shinto priests as early as the 12th century. Originally used as a subtle background for calligraphy, the new colour intense inks bring it to the forefront! Experience this highly meditative technique and create your own masterpieces! Dominique will show and share tips on how to prepare and use your Suminagashi pieces.
