*Denise Antaya* was born in Windsor, ON. She has been an artist for as long as she can remember. After a 31 year career in Advertising, Denise decided it was time to focus on painting landscapes full time. She attended the Academy of Realist Art in Toronto for three years and attended various Plein Air workshops.

She primarily works in Oils on linen or wood. The everyday themes in Denise Antaya's oil paintings combine her love of nature and her fascination with light and how it transforms an often overlooked scene. With her fearless approach to composition Denise pushes realism to just the right balance of detail and poetry. Her subjects range from season to season but almost always represents the natural environment untouched by man. She has the ability to capture a moment and even transport one back to a quieter, simpler time.

With over 40 exhibitions across Canada and the United States, her paintings have earned a multitude of awards.
